The Wholesale Prices in our lists apply only on Wholesale Quantities. Orders should call for ten of a kind and size, and, beyond that for multiples of ten. Stock in our storage buildings is tied in 10's and we prefer not to break bundles if avoidable.

ROSES, From 2½ inch pots, for nursery planting or mailing.

We grow large quantities of Roses, both for planting out in our own nurseries and to sell to other nurserymen. They are well-established plants that give good stands in the nursery rows and make strong growth.

One lot of these plants is ready now. We have another propagation coming on which will be ready March 15th, to April first.
